

National Information Assurance Partnership
Common Criteria Certificate

is awarded to

Cray, Inc.

The IT product identified in this certificate has been evaluated at an accredited testing laboratory using the Common Methodology for IT Security Evaluation (Version 2.3) for conformance to the Common Criteria for IT Security Evaluation (Version 2.3). This certificate applies only to the specific version and release of the product in its evaluated configuration. The product's functional and assurance security specifications are contained in its security target. The evaluation has been conducted in accordance with the provisions of the NIAP Common Criteria Evaluation and Validation Scheme and the conclusions of the testing laboratory in the evaluation technical report are consistent with the evidence adduced. This certificate is not an endorsement of the IT product by any agency of the U.S. Government and no warranty of the IT product is either expressed or implied.

Product Name: Cray UNICOS/Ic Operating System 2.1
Evaluation Platform: Cray XT4 and XT5 Computer System
Protection Profile Identifier: Controlled Access Protection
Profile, Version 1.d, October 8, 1999

CCTL: atsec information security corporation
Validation Report Number: CCEVS-VR-VID10217-2008
Date Issued: 12 December 2008
Assurance Level: EAL 3 Augmented ALC_FLR.1
