

National Information Assurance Partnership
Common Criteria Certificate

is awarded to

Thales e-Security, Inc.

The IT product identified in this certificate has been evaluated at an accredited testing laboratory using the Common Methodology for IT Security Evaluation (Version 2.3) for conformance to the Common Criteria for IT Security Evaluation (Version 2.3). This certificate applies only to the specific version and release of the product in its evaluated configuration. The product's functional and assurance security specifications are contained in its security target. The evaluation has been conducted in accordance with the provisions of the NIAP Common Criteria Evaluation and Validation Scheme and the conclusions of the testing laboratory in the evaluation technical report are consistent with the evidence adduced. This certificate is not an endorsement of the IT product by any agency of the U.S. Government and no warranty of the IT product is either expressed or implied.

Product Name: Thales e-Security Datacryptor SONET/SDH
Release 4.0 with Element Manager and Thales e-Security
Datacryptor Gigabit Ethernet Release 4.0 with Element
Manager
Evaluation Platform: N/A

Name of CCTL: COACT Café Lab
Validation Report Number: CCEVS-VR-VID10189-2009
Date Issued: 07 April 2009
