

National Information Assurance Partnership
Common Criteria Certificate

is awarded to

Cisco Systems, Inc.

for

Cisco Aggregation Services Router 1000 Series (ASR1K), Cisco Integrated Services Router 4000 Series (ISR4K), Cisco Catalyst 8300 and 8500 Series Edge Routers (Cat8300, Cat8500) running IOS-XE version 17.3

The IT product identified in this certificate has been evaluated at an accredited testing laboratory using the Common Methodology for IT Security Evaluation (Version 3.1) for conformance to the Common Criteria for IT Security Evaluation (Version 3.1). This certificate applies only to the specific version and release of the product in its evaluated configuration. The product's functional and assurance security specifications are contained in its security target. The evaluation has been conducted in accordance with the provisions of the NIAP Common Criteria Evaluation and Validation Scheme and the conclusions of the testing laboratory in the evaluation technical report are consistent with the evidence adduced. This certificate is not an endorsement of the IT product by any agency of the U.S. Government and no warranty of the IT product is either expressed or implied.
